MODERATION SPEAKERS ADDRESS LARGE MEETING

Major General Griesbach and Prof. W. H. Alexander are the speakers. Mrs. Bishop Unable to be in Attendance. Personal Liberty Should not be Interfered With. System of Voting Explained. Must use Figures, not X.

The meeting held under the auspices of the Moderation League of Alberta in the Angus Theatre on Tuesday evening was well attended, the large building being packed to the doors by supporters of the league, and by prohibitionists, who were anxious to hear the arguments of their opponents.

Mr. A. S. Rosenroff was chairman, and after a few introductory remarks explained that Mrs. Bishop, who had been advertised to speak, had been unavoidably prevented from coming down.

Major General W. A. Griesbach and Professor W. H. Alexander were the speakers for the evening. They each relied upon logical reasoning in urging the support of moderation and the placing of the figure 1 opposite clause D at the plebiscite to be taken on November 5. No harsh names were given the prohibitionists, but credit given them for their earnestness and sincerity, but mistakes in their reasoning and judgment were pointed out. One statement made by Gen. Griesbach and later repeated by Prof. Alexander was "The prohibitionists do not want the bar and the moderationists do not want the bar and I question the intelligence of any person who supposes the present government will pass legislation in favor of the introduction of the bar." Prof. Alexander added that this was one of the things that the moderationists and prohibitionists were in agreement upon. He also explained the system of voting, and advised those who were not sure of how to vote to sketch a ballot and ask their friends if it was properly marked. The figures must be used, otherwise the ballot would be spoiled.

General Griesbach dwelt for some time on the question of personal liberty and contended that this is what

made individuals and nations and it should not be interfered with. Opposite speakers were invited to the platform, but the opportunity was allowed to pass. Questions were called for but none being forthcoming the meeting ended with the singing of the national anthem.

WILL EVERYBODY WAIT UNTIL THE GOLD SNAP TO RUSH-IN COAL ORDER

Coal companies are urging upon the consumers of this product, the necessity of ordering during fair weather if they wish to be sure of having coal for the first cold snap. Just now, due to the scarcity of coal, as all available men are in the harvest fields, only a limited amount of coal can be hauled. It will be easier on everyone concerned if people will just make up their minds to order coal now. It is hardly probable that the plea of the coal dealers will meet with any appreciable results however. Daily papers have been trying for years to educate the public in this connection with little success.

Canadian-Born Premier Of Great Britain Dead

London, Oct. 30.—Andrew Bonar Law died at 123 this morning of septicaemia.

Andrew Bonar Law, the only Canadian born who reached the premiership of Great Britain, died after a brief illness. The end came quickly. Three days ago the public learned that the illness of the former premier was causing some anxiety to his friends. The announcement was made yesterday that the illness had developed into pneumonia, and the public began to prepare for the worst. On November 1 of last year Bonar Law became premier of Great Britain. On May 20 he resigned because of ill-health.

BORN

ANDERSON — At the Wetaskiwin hospital, on October 25th, to Mr. and Mrs. D. Anderson, a daughter.

JEVNE—At Crooked Lake, on the 31st Oct., to Mr. and Mrs. T. B. Jevne a daughter.

O'NEIL—In Wetaskiwin, on October 27th, to Mr. and Mrs. B. E. O'Neil, a son.

WALSTRA—At Wynne, on Oct. 28, to Mr. and Mrs. Peter Walstra, a daughter.

HAY—At Wynne, on Oct. 25th, to Mr. and Mrs. Rudolph Hay, a son.

BOWERS—At Wynne, on October 27th, to Mr. and Mrs. Henry Bowers, a daughter.

THANKSGIVING FESTIVAL

A chicken dinner and thanksgiving program will be given at the Swedish Baptist church, corner of Miquelon St. east, on Saturday, November 10. Dinner will be served from 6 to 8.30 p.m. after which the program will be rendered, under the auspices of the Sunbeam Young People's society. Come and bring a friend.

ARE YOU ELIGIBLE?

Are you eligible to vote on the coming referendum on the liquor question? In order to be able to do so, you must be a British subject, either by birth or naturalization, and 21 years of age. You must have been in the constituency for a period of three months and in the province for a year.

Everyone who knew Mr. Peterson will keenly regret the early ending of a very promising life, and the Canadian joins with a host of friends in extending to the parents, Mr. and Mrs. Peterson, of the Malmoe district, their deepest sympathy—Canadian.

OFFICERS IN THE CONSTITUENCY FOR REFERENDUM

The following is the list of officers at the different polls throughout the Wetaskiwin constituency for the referendum on Monday next, November 5. The first is the name of the poll, and the following names are the deputy returning officer and enumerator respectively.

Battle Lake East—Alfred Nelson, Ed. Peterson.
Star—Julius Tinnis, O. Moesum.
Poplar Bluff—H. J. Davies, Mrs. A. Myers.
Rose Bluff—R. P. Fullen, Lee Busard.

Hoover—W. Myers, A. Myers.
Haultain—C. A. Johnson, P. Elhorm.
Verdun—D. E. Widen, N. P. Campbell.

Bittern Lake—C. S. Butcher, J. G. Baker.
Roseland—A. Cole, Mrs. C. Freeman.

Harvest Home—G. Falk, Gus Turnquist.
Crooked Lake—E. R. Rasmussen, E. Tighe.

Gwynne—N. B. Davidson, A. Linde.
Nashville—W. E. Harris, V. E. Peterson.

Cherry Grove—A. Swanson, J. A. Wingblad.
Battle River—J. H. Newville, C. R. Shante.

Angus Ridge—Geo. Waterston, A. Rix.
Weller—A. W. Anderson, O. A. Kousler.

John Knox—A. S. Craig, C. Craig.
Wang—O. Kjos, C. O. Jevne.

Larch Tree—C. Lucas, Mrs. M. Higginson.
Wetaskiwin East—W. Mellett and L. Gethard, Mrs. A. Wherry.

Wetaskiwin West—E. T. Williamson and Jno. Berry, E. E. Chandler.
Bulyea—W. J. Dorchester, H. A. Inglis.

Bears Hill—M. C. Jackson, G. Malm.
Pleasant Prairie—F. Bolt, E. Schmidt.

Peace Hills—A. Moore, E. Dickau.
West Liberty—A. E. Dowdell, C. E. Schart.

Hillside—H. Marr, H. E. Young.
Bigstone—G. Westendorp, S. J. Fey.

Brightview—C. Isaacson, A. H. Line.
Anthony Hill—O. Osterland, C. J. Hanson.

Twin Creek—O. S. Dahlman, A. C. Sproule.
Lone Ridge—O. G. Olson, P. J. Greenay.

Grandview—O. A. Alberg, J. R. Rickard.
Patience—M. Scott, W. Johnston.

Rapid Creek—O. A. Brown, N. Lucas.
Hayhurst—C. Lake, H. A. Martin.

Fletcher—Hugo Umland, T. Steadman.
Fisher—W. Douglas, R. Cronin.

Bonnie Glen—F. Cummings, B. Hayek.
Spring Hill—W. Mulligan, B. Quinette.

Pigeon Valley—H. Fiveland, P. Stone.
Richmond—J. Bengham, J. Toovey.

South Pigeon Lake—G. Aken, T. Houge.
Battle Lake West—Ivo Bunney, W. D. Pallerton.

Springdale—Mrs. F. Armstrong, F. Armstrong.
Pineville—Mrs. John Mann, W. J. Walker.

Yeoford—J. P. Nowells, J. Robertson.
Seattle—Ivo Bunney, Mrs. Bunker.

Wenham Valley—F. Jones, A. C. Gillis.
Pondry—Mrs. Weaver, Geo. Berge.

Duck Lake—A. Burroughs, Mrs. Wilson.
Freight Rates Appeal

Ottawa, Oct. 29.—The appeal of the provinces of British Columbia and Alberta against the 1922 order of the board of railway commissioners in regard to far western freight rates has been referred back to the latter body by the governor-in-council. Official announcement of the decision was made this morning. Briefly, the cabinet takes the ground that the railway commission is the body specially appointed and properly qualified to deal with such a matter.

U. F. A. MEETING

The monthly meeting of the John Knox U.F.A. will be held at the home of Mr. and Mrs. Joe Novinsky, on Tuesday evening, November 6th. Every body welcome.

MORE RECORDS BROKEN

Twenty-eight vessels with 5,264,000 bushels of grain cleared from the head of the lake during last week-end, thus shattering all former records for grain loadings at the two ports.

OBITUARY

MRS. WEST

There passed away at her home in the Malmoe district on Friday of last week, Clara Mabel, beloved wife of H. P. West, at the age of sixty years and two months. She had been suffering with apoplexy for some time, which was the cause of the demise. She was born in Nebraska, and lived at Clarke, in that state, until four years ago, when she moved to Alberta with her husband. She leaves to mourn her loss, a sorrowing husband and two daughters, namely, Mrs. L. H. Newville, of Wetaskiwin, and Mrs. J. Pentress, of Waukegan, Mo. The funeral was held on Sunday last, service being conducted at the late residence by Rev. W. H. Irwin. The interment was in the Wetaskiwin cemetery, and a large number of friends were in attendance to pay their last tribute of respect to the departed.

OLE KJORLIN

Another old settler of the Wetaskiwin district passed away on Saturday last in the person of Ole KJORLIN. He had been quite poorly for some time, and was aged fifty-five years and ten months. Deceased came to this district about twenty-five years ago and took up a homestead near Flau, where he resided until about three years ago, when he moved to the Crooked Lake district. He was always of a jovial disposition, and had a very large circle of friends and acquaintances. He leaves a widow and large grown-up family. The funeral was held at the Wang church on Monday, the service being conducted by Rev. Leo. It was one of the largest funerals ever held in the community, and the floral tributes were especially numerous and beautiful. The interment was in the Wang cemetery.

PHILIP ALDERMAN

The citizens were quite surprised to learn that Mrs. Philo Alderman had passed her reward at Edmonton on Sunday last, as it was not thought the end was so near. She had reached the age of seventy-six years, and since she was stricken with a stroke last summer she has been gradually failing. She was born in Michigan, where she lived until 1894, when she emigrated to South Dakota. About twenty-one years ago she moved with her late husband to the Stettler district where they took up a homestead and ranch. In 1911 they retired to Wetaskiwin, and some six years ago deceased went to Edmonton to live with relatives. She leaves four daughters and two sons, namely, Mrs. Stanford, Mrs. Preston, Mrs. Cameron, and F. E. Al of Edmonton, and Mrs. Klaus, of South Dakota, and F. J. of Wetaskiwin. The remains were brought down from Edmonton on Tuesday afternoon, and the funeral was held at the Methodist church here, the service being conducted by Rev. M. L. Wright, of Fort Saskatchewan, by request. The pallbearers were all relatives of the deceased. The interment took place in the family plot in the Wetaskiwin cemetery.

ELEANOR ELIZABETH WIRT

One of the oldest residents of the district passed away on Wednesday morning of this week in the person of Mrs. Eleanor Elizabeth Wirt of the Falun district. She had reached the advanced age of eighty-two years and seven months, and had resided for a number of years with her son Isaac. She was a native of Ontario, and lived in that state until about three years ago, when she came to Alberta to live with her son. The funeral arrangements had not been made at the time of going to press.

FIRST LOAD POOL WHEAT HAULED IN ON WEDNESDAY

The first load of wheat to be delivered in Wetaskiwin to the Alberta Wheat Pool was brought to the elevator on Wednesday of this week by Ernest Kaiser, who lives about eight miles west of the city. He had a record load of 136 bushels, and it was of good quality.

Mr. Kaiser also brought in a record load of oats the same day, having 220 bushels in the box.

CROWDED OUT

For want of space, we regret that we are unable to publish a number of communications on the referendum.

SIXTEEN COMPANIES RECEIVE GRAIN FOR FIRST WHEAT POOL

Calgary, Oct. 28.—When country elevators throughout Alberta open for business tomorrow morning the Alberta Co-operative Wheat Producers Limited, the corporate name for the Alberta wheat pool, will officially be in being. Tomorrow will go down in the annals of agricultural history in Canada as a red-letter day for it marks the formal opening of the first provincial organized co-operative marketing concern ever to operate in the Dominion. Beginning tomorrow morning the elevators controlled by sixteen companies throughout the province will accept wheat from the 25,000 signatories to the contract of the voluntary pool.

Everything is now in readiness for the auspicious occasion, Cretser M. Elliott, manager of the pool, said tonight. A great number of cars have already been consigned to the Alberta Wheat Pool and today they will be delivered in the name of the new-born organization, Mr. Elliott said.

H. W. Wood, president of the United Farmers of Alberta, and chairman of the provisional board of seven trustees of the pool, said tonight that he had no statement to make. W. J. Jackson, of Bremner, and Stephen Lamm, of Pincher Creek, the two trustees who have been most active in the organization of the pool, left Calgary for their farms, and the remaining four trustees are also at their homes. The reins of control are now left in the hands of Chester M. Elliott, formerly manager in this city for the grain commission department of the United Grain Growers.

The following companies have signed to receive grain for the pool—Alberta Pacific Grain company; United Grain Growers, The Independent Grain company; Terwilliger Grain company, Northern Grain company, Fraser Grain company, Ellison Grain company, Robin Hood Mills Ltd., Ogilvie Flour Mills, Harkins Farmers Elevator company, Hogg & Lytle, Tees Farmers Elevator company, Gadsby Farmers Elevator company, J. H. Quinn, Wolfe Elevatory company.

WETASKIWIN H.S. WINS TWO GAMES FROM CAMROSE

On Saturday, October 29th, a fleet of Camrose basketball players sailed into Wetaskiwin with much noise and clatter, pouring forth many barbarous yells as they ranged up and down Pearce street.

At four o'clock in the afternoon the game of the season began. These barbarians from the east had the advantage of weight, but nevertheless at the end of the first period the score stood 10 in favor of Wetaskiwin, thanks to the snappy playing of the locals. At the end of the second period the score stood 18-4 in favor of Wetaskiwin.

In the third period, however, Camrose greatly picked up on account of the confidence of the Wetaskiwin team. Fortunately, the game ended with the score of 20-15 in favor of the home team. Taking it all through it was a clean game, no fouls being chalked up against Wetaskiwin, and very few against Camrose.

The following were the players: Wetaskiwin—R. Dickson, W. Lytle, A. Robertson, W. Macfarlane, B. Williams.

Camrose—Hansen, Sparby, Tanner, Swann, Hardy.

Due to the good combination of the local forwards, Agnes Svensen scored nineteen points. The Camrose and Wetaskiwin girls were not evenly matched. Julia Stouffer showing snappy play, making one field shot and four foul shots. After the basket ball games the Camrose and Wetaskiwin girls jumped on cars and paraded through the streets, stopping at the Parish hall where the Wetaskiwin boys and girls had prepared a bean supper. This was followed by a musical program, games and dancing. About eight o'clock the party broke up and various groups went to the Angus Theatre to end a perfect day.

The players were: Camrose—Misses Carruthers, Stouffer, Fitzgerald, K. Burgess, M. Asp, G. Hart.

Wetaskiwin—A. Svensen, D. Roist, P. Moore, M. Brun, M. Macfarlane, G. Haldik.

LIQUOR CAUSE OF BUSINESS SLOWING DOWN AT COAST

Mrs. Thompson and Rev. Peck Give an Account of Conditions in Vancouver. Women on Streets Molested by Drunken Men. Money Going out of Province no Longer Available for Business Enterprises.

A well attended and enthusiastic meeting was held in Angus Theatre on Sunday evening in the interests of prohibition.

After the chairman, Rev. W. H. Irwin, had addressed the gathering briefly, he called upon Mrs. B. C. Thompson, of Edmonton, who, at the

CITY TAXES PAID EXCEEDED LAST YEAR

The tax collections have exceeded expectations, taking into account the fears of so many that it would not come up to last year. If anything the collection to date for the year is better.

On Tuesday the amount received at the city office was \$10,000.00, and on Wednesday, the last day for the 19 per cent discount the sum of \$25,677.58 was received. This will bring the total for the month of October up to \$65,000.00.

As the business tax collections of over \$10,000 were collected in September, this makes a better collection this year all told than that of 1922. Every cent collected will be required to cover the requirements at the Bank and for the \$9,000 still to pay the public school board. Property owners in arrears will have to come through by the 12th of November, if they wish to avoid title going to the city, and this will probably provide sufficient to finance the city to the end of the year.

Moderator Visits The Presbyterian Church

Knox Presbyterian church was very highly favored by a visit from the Moderator of the General Assembly, Dr. Gandler, of Toronto, on Tuesday evening. A fair congregation was present to receive his message.

The purpose of the Moderator's visit was to bring greetings from the whole Presbyterian church of Canada to the people of Wetaskiwin, and to indicate the world wide link of the church.

For this task Dr. Gandler showed himself eminently qualified. He manifested a most gracious loving spirit, the vision of a statesman of the world, and a perfect knowledge of the policy of the church. Japan a generation ago was quite illiterate, and they have a national school system almost as complete as Canada. China where 95 per cent of the 400,000,000 are still illiterate, are awakening and beginning to establish a national school system. In the early days of missions, schools, hospitals, doctors and nurses of our standard were unknown. Today these are in evidence in many places. The standard of life was so low that a bible woman among the native people could live on \$50 a year of our money. Today the standards have risen so that such a woman to live as her class, must receive at least double this amount of money. This is all the direct consequences of Christian missions, and what the church is pleased to see.

At the same time, it makes our work more costly. Today, schools, hospitals, dispensaries, as well as native workers, must be of the best in order to do efficient work. Hence the increased cost of maintaining the influence of Christian institutions in the rapidly awakening Orient. The Forward Movement established many institutions. The upkeep of these institutions and continuing the work so well begun, and working such a stupendous influence is our foreign mission task today. The deficit was caused not by expansion but by raising standards to keep in pace with advanced civilization. The workers in the fields have made most liberal contributions and have reduced expenditure to the minimum.

The people of Wetaskiwin are asked (1) to make a thank offering to pay off the missionary deficit, (2) to raise their budget allocation to carry on the work.

RECORD OAT YIELD

A record crop of Leader oats was threshed by the A.B.L. threshing outfit on Hanning Nelson's farm near Malmoe. On a twelve acre field, the yield was 123 bushels to the acre, all nice and clean oats. Can you beat that?

HOCKEY MEETING

In view of the fact that Wetaskiwin is included in the "Big Five Hockey League" there will be a meeting on Tuesday evening, November 6th, at 8 o'clock, in the Drift hotel, for purpose of reorganization. If you are at all interested, come!

Wetaskiwin Times

Published every Thursday at the Times, Block, McDonald Street, Wetaskiwin, Alberta.

Subscription, \$2.50 per year; \$2.00 per year if paid in advance. U.S. postage, 50 cents extra. Advertising rates on application.

THURSDAY, NOVEMBER 1, 1923

Alberta's Record Crop

Alberta's crop will be three times greater than normal this year, according to Ernest H. Godfrey chief of the agricultural branch of the Dominion bureau of statistics, who has just returned to Ottawa after making a survey of conditions and arranging with the provincial departments for the collection of crop statistics.

2 Minutes Silence On Armistice Day

The Alberta government has been officially notified of the desire of His Majesty King George that the Dominion and provinces of Canada join with the Motherland in remembering the Empire's war dead with two minutes silence at 11 o'clock on the morning of Armistice day. It is pointed out that Armistice Day this year falls on Sunday, November 11th, and therefore the silent tribute to the fallen may be observed during the Sabbath morning service in the churches. The provincial government is asked to co-operate in making known generally the King's request that the citizens everywhere on this occasion reverently give thought to the soldiers who never came back from the great war.

RECORD GRAIN MOVEMENT

Records for handling grain are being established this year by the Canadian National Railways on their western region. The average daily car loadings this year are nearly 200 cars higher than during the same period last year, and though movement of grain along C.N.R. lines started nearly three weeks later this year over 45,000 cars has been loaded between September 1st and October 25th of this year. Between those dates a total of 61,751,000 bushels of wheat and 57,572,000 bushels in the corresponding period of last year, an increase of over 5,000,000 bushels.

WEAR A POPPY ON ARMISTICE DAY!

One hundred and fifteen cases of poppies have reached the National Poppy campaign headquarters, provincial command of the G.W.V.A., Calgary, and a special staff is busily engaged rushing out parcels to different parts of the province.

There is no excuse, this year, for anyone not to be in possession of a poppy. In order to cover the districts where there is not a branch of the G.W.V.A., a poster has been forwarded to the postmaster at one thousand towns in Alberta with the request that the postmaster place it in the hands of some organization or prominent citizen in the locality in order that Armistice Day may be fully observed and the little flower emblem of respect worn.

PLENTY OF WORK FOR BRITISH HARVESTERS

FARMERS OFFERING WORK FOR ALL THERE ARE AND MORE

Prompt action by the dominion government to avert any unemployment amongst British harvesters and to obviate the need for these newcomers to return to Great Britain has resulted in the assurance of a permanent winter position on the farm for everyone who desires to remain.

The Hon. J. A. Robb, minister of immigration, recently decided to utilize the machinery of the Soldier Settlement Board in an endeavor to locate opportunities sufficient to keep these Britishers in our midst. The board's field men were instructed to list those farmers who were willing to take a British harvester for the winter months at a reasonable wage. The response was immediate and the results exceeded all expectations, in fact to the extent that it became necessary to wire instructions to stop this canvass after it had been running two weeks. During this time more than four thousand three hundred winter positions were offered these Britishers in Alberta alone. The newcomers themselves were impressed by the striking contrast of conditions which a preliminary canvass disclosed the overwhelming number of jobs waiting willing hands and the conditions in the Old Land they recently left where

Information for Voters on Preferential Ballot

(By John D. Hunt, Clerk of the Executive Council)

What is a plebiscite?

A plebiscite is a direct vote of all the electors to decide a question of public importance.

In what respects does a plebiscite differ from an election for a member of the legislature?

A plebiscite does not call for any nominations or candidates, nor for any notice other than the proclamation. In a plebiscite the ballots are uniform for the province, and while for convenience the vote is taken by electoral divisions, the result is decided by the total vote over the whole province, obtained by combining the totals from each electoral division.

A returning officer is not required to give a casting vote, in case of a tie, nor has he authority in a plebiscite to declare any election carried on the vote in his electoral division. The clerk of the executive council combines the totals from the different electoral divisions and declares the result.

What is the issue in the coming plebiscite?

The electors are asked to decide which of four alternate legislative methods shall be adopted in dealing with the liquor traffic.

By what electoral method is the issue to be decided?

By the use of the single preferential vote.

How does the vote by this plan differ from that of the ordinary election?

It differs in two respects—

a. In the method of marking the ballot.

b. In the method of ascertaining the result.

How is the ballot marked under the single transferable preferential vote method?

Each voter must mark 1 opposite his first choice of the four different questions submitted. He may stop at this if he wants to, but the method provides for him to go on and mark 2 opposite his second choice, 3 opposite his third choice, and 4 opposite his

fourth choice, thus showing the order of his preferences for all the questions. The reason for marking his other choices, in addition to the first choice will appear when the method of arriving at the result of the election is considered.

How is the result of an election ascertained under the single transferable preferential vote method?

At the close of the poll on election day each deputy returning officer sorts the valid ballots and makes a statement of the number of first choice votes cast for each of the questions without regard to whether there are or not any other choices marked on the ballots and sends the statement to the returning officer. Each returning officer at the proper time and place makes a statement (from the statements of the deputy returning officers) of the number of first choice votes cast for each question in his electoral division and sends the statement to the clerk of the executive council.

The clerk of the executive council makes a statement (from statements of the returning officers) of the number of first choice votes cast for each question in the province. Under the ordinary method of ascertaining the result of the election the question having the highest number of first choice votes would be declared carried, irrespective of whether it had a majority of all the votes cast or not. Under the single transferable preferential vote method the question having the highest number of first choice votes is declared carried unless it has more than one half of the total number of first choice votes.

How is the result determined when no question has more than one half of the total first choice votes cast? The clerk of the executive council proceeds as follows:

He opens the envelope containing the ballots, checks the statements of the deputy returning officers and returns officers, and places all the ballots with first choice votes for each question in a separate pile, with out reference to any other choices on the ballots. If none of the piles contains more than half of all the first choice votes, that is, of all the ballots cast, he declares the question having the lowest number of first choice votes defeated. Where there is a tie vote he decides which one shall be excluded first. Each ballot in that pile is inspected and put in one of the three remaining piles indicating by the voters' second choice votes. If there is no second choice on some of the ballots they are put aside and not counted, and the voters who marked 1 only for the defeated question lose their votes. If any of the three piles now contains more than one half the total number of ballots in the three piles the question represented by it is declared carried. But if none of the three piles contains more than one half of the total number of ballots, then in the three piles, the pile containing the lowest number of ballots is declared defeated, and each ballot in that pile is inspected and put in one of the two remaining piles indicated by the next choice for the question still undefeated. If there is no second choice (2 or 3 as the case may be) on some of these ballots they are put aside and not counted and the voters who did not mark their preferences lose their votes.

The question represented by the one of the two piles now having the highest number of ballots is declared carried.

The voter has but one vote. It is only in the event of his first choice being declared defeated and the ballots in the pile distributed to the other piles that his second choice is counted, and only in the event of his first and second choices being declared defeated that his third choice is counted, and so on.

Is that case are second choices never counted? The second choice on original ballots cast for the winning question are not taken into consideration as the first choices are counted, and the second choices on the original ballots cast for the question that is beaten in the final count are not taken into consideration as the first choices are counted. Suppose for example that question (a) prohibition, wins in the final count, the second choices on the ballots that had (a) for first choice would not be looked at. Or suppose that question (a) prohibition, loses in the final count, the second choices on the ballots that had (a) for first choice would not be looked at.

Unless a question is declared and the ballots in the pile distributed to the other piles, second choices are not counted; in other words, the second choice is not counted unless the first choice is in fact the coat.

Give an example of the working of the transferable vote, with any of a total of twenty first choices.

Suppose the piles of first choices to be (a) 8, (b) 2, (c) 4, and (d) 6. No question is carried on the first choice, as it would require at least 11 to give a majority of the total. Declare (b) defeated. Examine (b's) ballots. Suppose one has second choice for (a) and one second choice for (d). Re-count these piles: (a) 8 plus 1 equals 9; (c) 4, (d) 6 plus 1 equals 7. No question is carried. Declare (c) defeated. Examine (c's) four ballots. Suppose all have second choices for (d). Result: (a) 9, (d) 7 plus 4 equals 11 and (d) is carried by the votes transferred from (b) and (c). If the voters for (c) had voted first choices only (a) would have won over (d) by a vote of 7 to 7 with 4 ballots and not counted.

Must the voter mark more than his first choice? No, he is not compelled to mark more than his first choice.

May the voter mark an X instead of 1? No, if he does his ballot is spoiled and not counted.

May the voter mark his ballot in Roman numerals? No, if he does his ballot is spoiled and not counted.

Who are entitled to have their names on the voters' list?

All persons, male or female, of the full age of twenty-one years, who are British subjects by birth or naturalization, who are not Indians, and who have resided in Alberta for at least one year, and in the electoral division in which they seek to vote at least three months immediately preceding the date of the issue of the writ of election, and who reside in the polling subdivision at the time the list is finally approved and who are not disqualified under the election act.

What persons are disqualified under the election act?

Judges, Indians, patients in lunatic asylums, persons in jail, and persons disqualified by the courts for corrupt election practices.

Is every person whose name is on the list entitled to vote?

Yes, if his right is not challenged, if he is required to take the voter's oath he has to swear to the qualifications that entitled him to be put on the list and that he is at the time of voting a resident of the polling subdivision on the list of which his name appears.

Is a person, who is qualified, but whose name is not on the list, entitled to vote?

Yes, he can apply to the deputy returning officer on election day, take the voter's oath, and have his name put on the list and may vote; but if any objection is made his ballot is put in a disputed envelope and not counted unless his right to vote is established at the court of enquiry.

Should the ballot of a voter whose name is on the list but whose right to vote is challenged and who takes the oath, be put in a disputed envelope?

No, if a person's name is on the voter's list, and on being challenged he takes the oath, the ballot must be put in the box the same as that of any other qualified voter. If the voter takes a false oath he is liable to prosecution for perjury.

Can a person whose name is on the list for a poll and who changes his residence before election day, go back to that poll and vote?

Yes, if his vote is not challenged.

Three Trying Times In a Woman's Life

There are three trying times in a woman's life when she is in need of a heart strengthening, nerve toning and blood enriching remedy such as MILBURN'S H. and N. PILLS.

1st WOMANHOOD

The young girl just budding into womanhood has a special strain on her system during this formation period, and this is the time when all mothers should look after them very carefully; the time when if their health is neglected, many years of suffering may follow.

2nd MOTHERHOOD

The woman about to become a mother is peculiarly liable to heart and nerve disturbances. She is often tired, capricious and bad tempered. She really can't help it. Her nerve energy is being drawn on heavily, and her health is being taxed to supply blood for a new life.

3rd CHANGE OF LIFE

This is the most serious period in a woman's life, and, as a rule, takes place between the ages of 45 and 55. At this time there is often great nervous prostration, hysteria and mental strain. The heart palpitates, the arteries of the neck throb, there is dizziness, rush of blood to the head, hot flashes, and a general weakness throughout the whole system.

During these three trying times all women will find that by taking a course of Milburn's Heart and Nerve Pills their hearts will be strengthened, their nerves toned up and their blood enriched, and they will be kept in a perfect state of health for the years to come.

Prior file a box at all druggists or dealers, or mailed direct on receipt of price by The T. Milburn Co., Ltd., Toronto, Ont.

but if required to take the oath he could not truthfully swear he was still a resident of that poll. If he moved into another poll in the same electoral division he could take the voter's oath in that poll, have his name put on the list and vote. If he moved into another electoral division he would not have the three months residence and would lose his vote unless he is a person otherwise qualified, whose name could not be put on the list owing to his not being naturalized or not being twenty-one years of age, but who is naturalized or attains the age of twenty-one years before election day, entitled to vote?

Yes, he can take the voter's oath on election day and have his name added to the list.

What provision is there for scrutineers to act on behalf of the different questions on election day?

As there are no candidates, there can be no scrutineers by them but two voters may on request be allowed to represent each question and shall be permitted to remain in the polling place during the time the poll is open and at the counting of the votes.

What ballot papers will be rejected?

The deputy returning officer shall reject any ballots: (a) Which have not been supplied by him; or (b) on which a cross or X is marked; or (c) on which 1 is not marked; or (d) on which the figure 1 is placed opposite to more than one question; or (e) on which the figure 1 and some other figure is placed opposite to the same question; or (f) on which there is any writing or mark by which the voter can be identified; but no word, letter, mark, figure or made or smudge to be written or made by the deputy returning officer on the ballot paper shall void the same or warrant its rejection.

What are the hours for voting? In cities and polls in city constituencies marked "suburban" on the proclamation the polls shall be kept open to represent each question until 8 p.m. All other polls shall be kept open from 9 a.m. until 5 p.m.

How the Udder of a valuable cow was saved

Chas. K. Robinson, of Chazyville, Vermont, U.S. writes: "A recent experience in reeking and one exposed to be a lost piece of a valuable cow's udder has demonstrated again the great worth of Binney's Liniment. I can recommend it to the highest terms to all who have a herd of cows."

"The year I have never considered my household stock complete without a bottle of Binney's Liniment. For burns, bruises, sprains, frostbites, rheumatism, etc., it is the best remedy for a severe cold."

"I think I am safe in saying that among all the pains relievers there is none that cures so large a field of troubles as does Binney's Liniment. A real treasure—Good for Man and Beast."

Lest We Forget

Editor, Wetaskiwin Times:
Dear Sir—I wish to make an appeal to the women of Wetaskiwin to vote for prohibition next Monday.

I realize that women who live in town do not see the cruelty to the horses that results from drunkenness, as we country women do. You perhaps notice as a man drives out from town that he is drunk, but by the time those tired, sweating horses are passing our house they have been hurried for ten miles, and there may be ten, fifteen or twenty miles still ahead of them. I have seen a baby colt hurrying, almost staggering with weariness, trying to keep up with his

sweating, whipped mother, driven by a drunken man.

I wonder if any of you would neglect to go to vote if you had seen the sight that actually occurred on this road—a group of drunken lumberjacks on their way back to camp through cold so intense that the blood was dripping from their horses' nostrils.

A man in his right senses may at times be cruel to animals, but how especially pitiful, for gentle, faithful horses to be in the hands of a man who does not know what he is doing, whose judgment of speed and distance is lost by drunkenness.

A woman said to me a few weeks ago: "Before we had prohibition my man would go to town with a load of oats. It would be two days before he came home. He would have no sack of sugar, no little clothes for the children, not one dollar in his pocket, and he would be sick from the liquor he had drunk, and the horses would be almost sick from lack of feed and the cold, and oh, Mrs. Carruthers, I don't want to see it again."

The country has had a rest from many of these harrowing things since the drinking of liquor has been restricted, but, "Lord God of Hosts be with us yet, Lest we forget; lest we forget."

Very sincerely,
Mrs. J. R. Carruthers.

THE COUNTRY IN DANGER

The importance of the Alberta Referendum campaign is thoroughly recognized by the liquor men. They have enrolled under the banner of the so-called Moderation League many members of the "aristocracy" of the province. Many of these people would not go into a saloon under any circumstances, but are quite willing to give their patronage to government groggeries. Like some of our "citizens" in Montreal, they would a fight tooth and nail against any proposal to establish a beer saloon in the neighborhood of their residences, but they have no objection to having saloons stuffed thick in less exclusive districts. We have no hesitation in saying that people who are giving the prestige of their names to the liquor interest—however honorable the position they hold in the eyes of the world, however notable the services they may in former times have rendered to their city, their province or

their country—are today doing an enemy's work. For if the liquor traffic, under whatever guise, is re-established in Alberta, it will mean for the province and its people a harvest of misery and death. For many a home it will mean shame and sorrow; for many a boy and many a girl, now the pride of their home and their school, it will almost inevitably mean moral and physical ruin and loss—Montreal Witness.

DERBY WINNER IS DEFEATED BY ZEV

New York, Oct. 22.—Coming down the home stretch with a blinding, irresistible burst of speed, Zev, scored a smashing thoroughbred victory for the United States, Saturday, conquering Papyrus, the English Derby winner, by the decisive margin of six lengths over the mile and a half Belmont park course.

With Zev's sensational victory went \$30,000 of the \$100,000 purse for which the classic was fought, and the crown of three-year-old champion of the world at stake for the first time in one of the most colorful spectacles turf history has ever known. A vast throng of 60,000, the largest in expectation track annals, gathered in exultation of a tense duel for thoroughbred laurels.

Over a track that was heavy and soggy from several days of rain, Zev answered pre-race fears that he was not in the best of condition, by galloping to convincing, impressive victory over Papyrus. After a rather bad start Zev overtook his rival before the first quarter pole was reached, and thereafter was never headed, despite the game and gallant efforts of the English champion.

Over the first mile and a quarter it was a thrilling race, Zev leading by practically a length over that distance, standing off the challenge of Papyrus and apparently running well within himself, then came the real turf history has ever known. A vast throng of 60,000, the largest in expectation track annals, gathered in exultation of a tense duel for thoroughbred laurels.

Straightening out his mount for the

finishing drive, Earl Sande gave Zev his head and the colt responded with a terrific burst of speed. Papyrus fell behind rapidly, apparently tired and "all out" under this withering pace, for Zev galloped under the wire a full six lengths in the van, amid a thunderous ovation from the throng that had watched the struggle with pulse-grIPPING suspense.

The time of the race, 2:34.25 was not remarkable, but it was good in the face of existing track conditions.

A girl named plain Mary at her birth dropped the "r" when she grew up, and became May. As she began to shine in society, she changed the "y" to an "e" and signed her letters "Mae." About a year ago she was married and now she has dropped the "e".

Card of Thanks

Alberta Exhibit to Chicago

Alberta will be represented at the International Hay and Grain Show at Chicago, in December by a comprehensive educational exhibit to be prepared jointly by the provincial department of agriculture and the Alberta University. While the exhibit will feature production of seed grain in Alberta, and will be particularly educational in relation to certain phases of agriculture, the exhibit will also be a comprehensive display of Alberta's products. It is three years since Alberta was last represented at Chicago with an official government exhibit. The individual exhibits from farmers are now in course of preparation and assembly. The provincial department of agriculture is paying the freight on these individual exhibits from point of assembling to Chicago.

Wheat Pool in Operation

Official announcement has been made that the Alberta wheat pool will be in operation on October 23. The Alberta manager is to be Chester M. Elliott, formerly with the United Grain Growers in Calgary, and David M. Smith, formerly export manager for the Grain Growers at Winnipeg, is eastern sales manager. The initial payment to farmers will be 75 cents

a bushel, basis Fort William, on No. 1 wheat, less handling charges. Arrangements have been made for the handling of the wheat through elevators controlled by elevator companies in Alberta who have signed contracts with the pool.

Legislators Set North Country

Members of the Alberta legislature to the number of about forty, together with members of the cabinet and newspapermen, visited Waterways and McMurray, in a special trip over the A. and G.W. last week. They saw something of the improvements that had been made on the road, and inspected the tar sand deposits at Waterways.

Threshers' Licences

A total of 4,700 threshers' licenses have been issued by the department of agriculture up to date. This is 1,000 more than those registered last year. It is expected that the registrations will total 5,000.

Provincial Revenue

A considerable increase in revenue from motor licenses has been recorded this year. The total received from this source to date has been \$725,410 which is about \$10,000 in excess already of the amount estimated at the beginning of the year.

The revenue from the gasoline tax has also been fairly good, and it is anticipated that the estimate of \$225,000 will be almost reached. In the nine months more than \$155,000 has been collected, with the receipts for October, always a heavy month, still to come in.

The amusement tax revenue also shows a considerable increase, the figures for the first nine months of this year being \$144,254, an increase of \$17,492 over the same period of last year.

Good Business for Seed Plant

Production of pure seed grain in the province of Alberta has become stimulated to such an extent, through the efforts of the provincial department of agriculture and the seed growers' association, that practically 50,000 bushels of pure seed will be handled through the agricultural department's co-operative seed cleaning plant this season, in comparison with the 16,000 bushels handled last season, the first year of the plant's operation.

So successful was the operation of the plant in its initial season, that applications were received this year from registered seed growers for more than 140,000 bushels to be handled through the plant, the capacity of the plant at present, however, will permit only the handling of approximately 50,000 bushels during the season.

The plant will commence operations for the season this week.

Alberta's Municipal Hospitals

Significant commentary on the success of the serviceability of the municipal hospitals system of Alberta, which is unique on the American continent, is contained in the October number of the "Modern Hospital," the organ of the American Hospital Association, and the most influential hospital publication in the world.

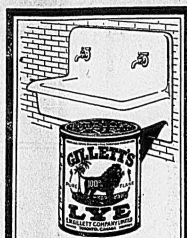

The comment is in the shape of an editorial note on an article written by Arthur E. Whiston, supervisor of hospital organization in Alberta. The article is based on an address delivered by Mr. Whiston at the annual session of the Alberta Hospital Association. The article is printed in full, with the following note by the editor:

"The public demands upon the municipal hospital are becoming more each year. The hospital as a semi-private institution, for those who can afford its care in time of sickness has gone forever. Today, we are trying to make the hospital an institution open to everyone who needs the facilities it offers. The municipal hospital as a public utility presents a peculiar problem in that it must be charitable without being philanthropic so that its upkeep may not become a burden. The municipal hospitals of Alberta have adjusted themselves to this difficulty through a plan by which the well paid hospital service of the sick through a tax for that purpose. This, together with the one dollar a day rate charged patients finances the hospital. In this way the burden of maintaining the hospital is equally distributed among the taxpayers.

Federal Appeal Board Of Pensions Appointed

A court of appeal has been established for the purpose of hearing appeals on decisions of the board of pension commissioners, and of the department of soldiers' civil re-establishment.

The court, which is known as the Federal Appeal Board, is an independent tribunal appointed upon recommendation of the minister of justice and consists of five members, all of whom are former members of the forces. Its decisions are final and

SINKS AND DRAINS

Use a little of Gillett's Lye when the kitchen or bathroom drains are clogged. It works wonder. Use it also for cleaning and disinfecting Closets, Bowls, for softening water, making soap cleaning dirty floors and greasy utensils. It has over 500 different uses and can be used in every home. Avoid costly and dangerous substitutes. Insist on the genuine

GILLETT'S 100% PURE FLAKE LYE

are binding upon the board of pension commissioners and the department of soldiers' civil re-establishment.

The board has jurisdiction to hear appeals in the following classes:

(a) In respect of any refusal of pension by the board of pension commissioners on the grounds that the disability resulting from injury or disease or the aggravation thereof was not attributable to or was not incurred during military service.

(b) In respect of any refusal of pension by the board of pension commissioners to the widow or other dependents of a former member of the forces who has died, on the grounds that the injury or disease or the aggravation thereof resulting in death was not attributable to or was not incurred during military service.

(c) In respect of any refusal of treatment with pay and allowances by the department of soldiers' civil re-establishment on the grounds that the disability resulting from injury or disease or the aggravation thereof for which treatment is claimed was not attributable to or was not incurred during military service.

In addition to the above the board, acting jointly with the board of pension commissioners, may deal with certain individual cases not forming part of any class of case provided for in the pension act.

Every member of the board has the right to hear appeals and to give decisions thereon. Members of the board will hear appeals at various centres enumerated hereafter, thus giving applicants an opportunity to appear personally in the localities in which they reside.

Appeal must be entered within one year after the appointment of the Federal Appeal Board, or within one year of the decision complained of, whichever may be the later.

An official soldiers' adviser residing within each unit of the D.S.C.R., may act for appellant at sittings of the board and advise him at no expense for services but appellant may, at his own expense, employ counsel other than soldiers' adviser if he so desires.

To prepare the case, appellant, his representative if so authorized by him in writing, shall have access to his personal file in the presence of a representative of the department of S.C.R.

Appellant has the right to attend in person all sittings held in connection

Pimples and Boils Were Caused by BAD BLOOD

Miss Irene A. Matthews, Stayner, Ont., writes: "I thought I would write and tell you of the benefit I have derived from Burdock Blood Bitters."

Some few months ago I was troubled with bad blood which broke out on my face in the nature of pimples, boils and ringworm, and I got so bad I really did not know what to do. I was ashamed to go anywhere, and the itching and burning caused such a terrible sensation I could get no relief day or night. One day a friend advised me to use Burdock Blood Bitters. I used one bottle and felt quite a relief, and by the time I had taken three bottles I was completely relieved. I cannot praise B.B.B. enough and I hope anyone afflicted like I was will get the same benefit I received."

B.B.B. is manufactured only by The T. Millburn Co., Limited, Toronto, Ont.

VOTE ALBERTA DRY

Some say it will work, while others think not; they want to be free, with a false freedom; they ask for liberty to drink when they please, or leave it alone; they can do it with case; they are going to get a chance to try, just as soon as Alberta is voted dry. Just take it from me as one who knows, that has paid a big price to wear old clothes, shoes down at the heel, all worn at the toes, who's walk was unsteady and brain never clear, for I loved my whisky and my beer, but to cut it out I had to try, just as soon as Alberta voted dry. There are not many young men drinking dry, or blind pigs that are run on the sly, for beer and whisky they once sold you, it is all finished, now, napoo. The old men all go about with head erect and chest stuck out, they do not stagger, or have the gout, since Alberta voted liquor out. The wives and mothers how pleased you see, as the kiddies play around her knee, for she knows that hubby's not on a skate, just because he is a little late, but having the children a pair of shoes, or stopped to read the baseball news. How good it is to know that he, who is as fine and straight as can be, but had the falling for the cup that cheers, at first, but afterwards his eyes it blears, is not tempted any more, every time he steps outside his door. There is one more victory to be won, and just one shot left in your gun, so shoot to kill, it's your only chance, or they will put you in a trance, and make you believe the revenues, will pay for misery that old booze does make, and they will try to keep you from voting Alberta dry.

—Wetaskiwin Post.

Two pretty girls met on the street and kissed each other rapturously. Two young men watched the meeting. "There's another of those things that are so unfair," said one. "What is that?" said his friend. He pointed to the scene: "Women doing men's work."

The other day a daily paper published a short article concerning the record breaking weights of garden vegetables grown in the city, and mentioned particularly a cabbage weighing 29½ lbs. That is alright, and we congratulate the grower, but would like to draw attention to the cabbage grown by Robt. Savers, of Camrose, West, which weighed 39 pounds. It was of the Dutch flat-head variety—Canadian.

with his appeal and expenses will be paid at the rates laid down in regulations if his case is successful.

If appellant has new evidence in support of his claim it must first be submitted to the authority which gave the decision complained of.

The following are the points at which appeals will be heard in the west: Winnipeg, Regina, Saskatoon, Calgary, Edmonton, Vancouver, Victoria, and such other points as the board may consider necessary.

The following is the address of the nearest Official Soldier's Adviser to Wetaskiwin—S. G. Petley, Dept. of S.C.R., Lancaster Bldg., Calgary.

THE FLAVOR LASTS

4-HOUR WORK DAY COMING

New York, Oct. 19.—Thomas A. Edison, electrical wizard, in an interview with newspapermen, spoke today on the presidential possibilities of his friend Henry Ford, and said that it would "spoil a good man" if the nation sent him to the White House. He then turned to the prediction made recently by Charles P. Steinmetz, inventor, connected with the General Electric company, that electricity eventually would reduce the working day to four hours. With this opinion Mr. Edison agreed.

Commenting on the unpopularity of new ideas Mr. Edison declared that it took from seven to forty years from the initial demonstration of a beneficial device to its ultimate popularity.

Within a very few years, he said, coal could be transformed into electrical energy at the mines and distributed throughout the country in high power transmission lines, doing more quickly and efficiently the work now performed by the fuel after long haulage and many handlings. Transportation costs and the other charges now connected with getting the fuel energy

to the consumer would thus be obliterated, he said.

He added that he recently had discussed the problem with a group of Nova Scotia power men.

SEVEN YEARS OF TORTURE

Headaches and Indigestion Ended By "Fruit-a-Lives"

The Marvelous Fruit Medicine

Like thousands and thousands of other sufferers, Mr. Albert Varner of Buckingham, F.Q., tried many remedies and went to doctors and specialists; but nothing did him any good.

Finally a friend advised him to try "Fruit-a-Lives"—now he is well. As he says in a letter: "For seven years, I suffered terribly from Headaches and Indigestion. I had belching gas, bitter stuff would come up in my mouth, often vomiting, and was terribly constipated. I took Fruit-a-Lives and this grand fruit medicine made me well."

80c. a box, 6 for \$2.50, trial size 25c. At dealers or sent by Fruit-a-Lives Limited, Ottawa, Ont.

live law, and trying under a fair name and misrepresentation to get the support of women, church people, and citizens. Let us stand fast. If the moderation league were sincere in their clamor for "respect for law," "down with bootlegging," "we don't want the bar," they would respect the present law and not ask us to vote "1" for clause "D."

"Vote 1" for clause "A" prohibition, and save Alberta.
Temperance Executive of Wetaskiwin

R.R.1, Wetaskiwin

Editor, Wetaskiwin Times:
Dear Sir—As Mr. Hodson has been west of Battle Lake recently, he will have found out for himself that there are more lumber camps now than in "pioneer days." Also, as he said before, he will now know that it is indeed a different type of lumber camp that work in the sawmills and liquor camps. Why? Because they do not get the liquor. Oh, yes, I know they get it now and then from bootleggers. But they used to get it from bootleggers as well as licensed saloons.

A certain well known freighter used to haul it by the case back to his "friends" along with the goods he was paid to haul for the mill and store. Ask anywhere around Battle Lake and folks will tell you his name. At Palun, in years gone by, the lumber jacks were able to get their fill of liquor from a shed kept by someone. It was not a licensed shed either. Another fellow, going to get a load of lumber, stopped along the road to get his horses shod. The blacksmith found out he had eighty bottles in his wagon and no one knows how many he had emptied before getting there, forty miles from a licensed saloon. Oh, my, but the officers of the law do not enforce law now because the present legislation is no good—All right, they did not do it in the old days.

One officer arrested two Indians for being drunk. The liquor had previously been taken from them. When the sergeant got the captured whiskey he came out of the building drinking it in front of the Indians he was arresting. I saw with my own eyes when I was a little girl. At another time when he was taking nine drunk Indians to town, he stopped with them for dinner. He said to my father "You know I can not arrest or touch my friends. I just take the Indians." Everyone knows that the man who sold the liquor was just as guilty, if not more so, than the Indians. But that officer never touched the saloon keepers.

The foreman of one lumber camp was a very refined and well educated gentleman when he was sober, but as usual, was the opposite when drunk. He tried hard to keep sober and was always trying to reform both himself and his men. He had gone to hide away into the mountains. He said a good deal of money on the gold cure and other cures. When he would go to his bed in one of the hotels some one would put a bottle to his lips or let him smell it. Like a mad man he awoke, went down to the bar and spent all the money he had. This was done time after time when this man had money on him. Once, in Edmonton, when he had the D.T.'s, he would go out of a six story window onto the pavement below and fractured his hip. Another time he left Wetaskiwin in his usual drunken state lying in the back of the sleigh. When he was out a short way he lost his false teeth and cap. When he missed them he screamed at his driver to find them. The driver left him at Brightview while he returned to hunt for the teeth and cap. All the time the driver was away the foreman lay on the bed yelling and calling for his teeth. It was a dreadful sound, indeed. Later on this man died, with the D.T.'s. It is the personal theory of this writer that this happened all along the road to the lumber camps.

My experiences may be "limited" but I am able to quote things first hand, without anyone else supplying me with material I write about. Nor am I suffering with loss of memory either. Also, I have had enough experience to know that the drier we make and

keep Alberta the better place it is to live in.
Bessie Stevens.

Quebec and B.C. Under Clause "D"
Editor, Wetaskiwin Times:
Sir—"To take the true measure of the enemy is the divine part of war."

So said Napoleon. Taking Napoleon's word for it I hid away to a moderation league meeting in Paget hall, Calgary, a short time ago. A Mrs. Bishop of Edmonton was the speaker. I hope Mrs. Bishop will sit down quietly and read her speech to herself after the campaign is over as she will then realize how lacking it is in evidence to support her sweeping statements. As I see it, the issue before the electors of Alberta on November 5th is wholly a practical one. The liquor traffic, under the name of the Moderation League (in Ontario their name is the Liberty League) is urging the people to vote for clause D and hold out a handful of promises that remind one of the report of the two spies from the land of Canaan. Clause D will reduce crime, reduce taxes, promote temperance, and improve the social, moral and economic welfare of the people, etc. So say the Moderationists. I almost forgot the sin of disloyalty to the Bible which the Prohibitionists are committing. We saw this when they gave his neighbor drink and made him drunk dead. So say the Bible. What about the wages that will fall upon the people if the government, that is the citizens, become the official bartender of the province? These wages are already falling upon the people of B.C. and Quebec. Well, now, what about B.C. and Quebec? Twenty years ago I went to B.C. as a missionary. My application being for the toughest mining camp mission field in B.C. I got what I wanted and lived there for four years. Last year I spent six weeks making a personal study of the effect of government sale, that is Clause D, in B.C. I saw the government pushing the sale of liquor as vigorously as I ever saw a private bar-keeper. I visited the clubs of Vancouver under the direction of the plain clothes men of the police force. In all my experience of the wildest camps under the open bar I never saw such drunkenness, profanity and obscenity as I saw in the clubs of Vancouver under the government sale of liquor. If we want this sort of thing in Alberta, vote for Clause D. Does it reduce taxes? I have a record of property in Vancouver that for five years was assessed at the same figure and the taxes in 1916 under prohibition were \$62.00; in 1922 under government sale \$106.50. Where does the revenue from government sale go? Cost-of-pollice increased 68 per cent; of justice increased 90 per cent; prisoners in provincial jails increased 14 per cent. The hospital association is reported to have recently sent a request to have no more booze money sent to them. I have a list of 75 of the leading business men of Vancouver who met recently and passed unanimously a resolution condemning government sale and calling on the citizens of B.C. to demand the re-enactment of prohibition. The Retail Merchants, the rural municipalities, have all condemned the government sale system. In the face of this the moderationists are the nerve to ask us to shut our eyes to the facts and blindly vote for government sale. But Mr. B. A. Duncanson, secretary of the Moderationists at the above meeting said: "We don't want the B.C. system, we want the Quebec system." Why? Echo answers why, B.C. is near at hand and the facts are getting out. Quebec is a long way off and the people may not hear the facts from there. Quebec is my native province and I have made annual trips to Quebec since the government has adopted this system and I have made it my business to study the situation. Remember that Quebec began in 1919 with wine and beer, that is with clause "D". This was soon out of their control and they adopted clause "B", which they have had ever since. Of course Mrs. Bishop says the government will have to interpret clause "D" if it carries. Isn't that in itself a condemnation of clause "D"? No body knows just what it may mean. The liquor traffic is advancing us to vote for "D". They know if they can get D they will soon have D. They know the history of Quebec. I asked Mr. Duncanson, editor of the Montreal Witness how the system was working out in Quebec. His answer was in one word, "Boastfully!" I saw young men with whom I went to school, promising champagne, just down and out criminals, bootleggers and run-runners across the American boundary. Quebec and B.C. are a disgrace to our international relations, and just now the Hon. Jacques Bureau is in B.C. investigating this disgrace. Do we want in Alberta? If so, vote for clause "D". The law of Quebec allows only one bottle at a time to be sold to customers and so the bootleggers hire men at ten cents a bottle to carry for them and they go in and out as fast as they can until the bootlegger

has his load and the next man pulls up. I have lived in Montreal for years and I never saw Montreal in such a wretched condition from the standpoint of vice and immorality as it is now under government sale of liquor. The only difference between Quebec and B.C. is that Quebec is worse than B.C. And yet Mr. Barker has the audacity to say that the Quebec system has promoted true temperance in two years. He also said that the schools of Alberta had been closed because of prohibition. I sent that statement to the government officers and the answer is that the closing of the schools of Alberta had no connection whatever with prohibition, but is due solely to crop failures in certain districts. Are the citizens of Alberta going to submit to such a campaign of slander and misrepresentation? Hats off to the press that has helped to fight our battle for the last twenty years in the west, and then hats off to the press that has recently discovered the facts and come right out to champion the cause of prohibition. If the guiding principle of our citizenship is to be the greatest good to the greatest number of the citizens of Alberta, big and little—I can see only one course that can be defended or justified in the light of the facts, and that is for the citizens of Alberta to make the message of their citizenship ringing around the world by marking the figure 1 in the space at the right hand side of clause "A". And let us help our neighbors, both men and women, to get to the polls and do the same. Make November 5th a red letter day in the history of Alberta.
W. G. Brown
The Manse, Red Deer.

Editor, Wetaskiwin Times:

Dear Sir—I have read, with deep interest, the letters to the Times from S. J. Waterman, J. H. Hodson, and others, on the liquor question. In Mr. Hodson's last letter to the Times he quotes heaps of statistics and then says "there are grounds for congratulating that the 'saner portion' of the electorate is going to reverse to a degree, their previous decision at the polls."

I heard a speaker on prohibition say that "recalling the past would do more to aid prohibition than all the statistics and arguments that can be quoted." And I believe it can. If Mr. Hodson's statistics on feeding liquor to children and giving them home—shall they meet their Waterloo in Alberta? Yes; if every man and every woman do their duty to God and home and every land, on November 5.

A Priest's argument for prohibition—Father Chareston, Holy Cross church, Croy, and indefatigable worker in the cause of temperance was recently interviewed on the subject. He said in part: "We must deal with it just as we deal with any other poison such as opium, arsenic, veronal, or anything else. To save our fellow citizens we should pass laws prohibiting the general use of these poisons."

Now, as there is no poison whatever which destroys so many individuals directly and indirectly, and which causes such a widespread ruin to thousands of families, it is evident that no more Christian or charitable method can be adopted than that of removing it or taking away the danger of alcohol from the people who are its victims.

"It is a call of our Divine God to rescue the perishing."

Contrasting conditions past and present, wet and dry, speaking in regard to family life—respectability, health, feeding and clothing the children, the improvement has been incalculable.

Let us everyone remember this loving interest in our boys and girls on November 5. Every vote counts.

ARE YOU AFRAID OF THE WEATHER?

Never be without Peppermint Cure at all susceptible to coughs, colds and chills. Dissolved in the mouth, these breathable tablets instantly fill the chest and lungs with their healing germicidal vapours. These strengthen the air passages and repeat germs. They prevent and remedy colds, the wheezing, soreness and cough before it develops into bronchitis or dangerous lung trouble. Peppermint Cure is a very safe and better than dangerous cough-drug mixtures or tablets. As a preventive and remedy for colds, coughs and chills, wheezing, soreness, croup, bronchitis and sore throat, nothing can equal Peppermint Cure. It is a very safe remedy for weak chests and old folk, and for nervous, sensitive and public speakers.

Price 25c. a bottle; large family size 50c.; put up by The T. M. L. Co., Limited, Toronto, Ont.

Will it help to make them able citizens fitted to fill the positions which await them? Can it influence their lives in any way but the wrong? In Mr. Hodson's last letter he quotes statistics to show that people who drink are stronger and live longer than those who do not. I think people are just as well off without the booze as with it.

Dear readers, do you not recall the miseries of life of those who had to suffer because of the heavy drinking of others? Mrs. Stevens remembers it and I am sure many others will. Recall the evils of the time when the country was "wet" and you will not hesitate to say that prohibition is what we want.

Some people think that the present "liquor state" is as bad as when the open bars and saloons were in vogue. But if facts of that time were recalled and carefully weighed, they would not think so.

I will close this ill-written but well meant letter, regretting that I cannot boost prohibition with a vote, but I am sure that some, for instance, Mr. Hodson, will be pleased to hear that I am not of the required "cooling age".

Thanking you, Mr. Editor, for space in your valuable paper,
I am,
Miss Alberta.

W. C. T. U.

Every war is won or lost piece by piece, so Alberta is the piece that must be won for world wide prohibition on November 5th.

N.B.—Moderate drinking leads to immediate action.
"The only way to end immediate use of an immediate poison is to prohibit its manufacture, sale, holding, handling and using." This is our objective when we give the prohibition leaven a chance to demonstrate, which we can do by our individual vote on November 5th.

Chilblains & Frost Bite

Zam-Buk
SOOTHES & HEALS

As a remedy for those most troublesome of winter skin afflictions, chilblains and "frost-bites," Zam-Buk is especially effective. It takes out inflammation and reduces swelling in a wonderful way and soothes the fiery itching irritation. Where the chilblains are broken and have a raw ulcerated surface, Zam-Buk is doubly valuable because of its great healing power. Its pain-killing efficiency and its fine antiseptic properties place Zam-Buk far above ordinary ointments.

ANNIVERSARY SALE

At the Cheapside Clothing Store, Wetaskiwin

All the Citizens of Wetaskiwin and District will remember the Big Opening Sale we put on a year ago. That Sale will be remembered on account of the Good Quality of the Goods offered and the Exceptionally Low Prices asked.

WE HAVE DECIDED TO COMMEMORATE THE ANNIVERSARY BY PUTTING ON ANOTHER BIG SALE, WHICH WILL

Start Friday, November 2---End Saturday, November 24

WHEN EQUALLY AS GOOD BARGAINS WILL BE OFFERED AS WE GAVE THE PUBLIC ONE YEAR AGO

Men's and Ladies' Clothing, Boots and Shoes, Dry Goods, Children's Wear, Etc. Prices cut to the bone

As this is the Anniversary of our commencement in business, we take this opportunity of thanking one and all for the hearty co-operation given us during the past year. At the same time, we assure you that in the future we will do our utmost to serve you by giving the best service, and the highest quality of goods, at the very lowest prices. If you have not been one of our customers, you are cordially invited to call and see our stock and prices.

The regular monthly meeting of the Hospital Aid Society will be held in the nurses' room at the hospital on Tuesday afternoon, November 6th, at four o'clock.

Additional shelving has been added to the Lawson Store during the past week, and other preparations are being made to handle the large stock which is expected to arrive shortly.

TOWN TOPICS

Dr. Sutherland is transacting business in Edmonton this week.

Mr. and Mrs. Fowler returned from their trip east on Saturday morning last, and report having a good time.

Mrs. Thos. Lawson went to Calgary on Wednesday to spend a few days visiting her brother and other friends.

Rev. Gassner and family left on Tuesday for North Dakota, where they will reside.

The Scandinavian Hospital Aid Society will meet on Tuesday afternoon of next week, at 3.30, at the home of Mrs. J. E. Gullberg.

H. J. Montgomery is having a building erected on Lanadown St. west, which will be occupied by Mr. Matta-tall as a grist and feed mill.

Theo. Thompson of Calgary, arrived in the district a few days ago to visit his brother V. E. Thompson, north of the city. When he returns home this week, he will be accompanied by Mrs. V. E. Thompson, who will spend a couple of weeks in the southern city.

William, son of Mr. and Mrs. Fred McFarlane met with a painful accident Saturday afternoon. He was getting out a buggy when the horse started and he slipped and fell breaking the bones in his left arm just above the wrist.

The Wetaskiwin Athletic association is having the ground levelled off on the lot west of the curling rink, where a large skating rink will be made as soon as possible. We understand it is the intention of those interested to

have a fast hockey team placed on the ice this season.

Herb. Rix of the Bears Hill district reports that in ten days' threshing, on three different farms in that district, the machine with which he is connected hasn't threshed any wheat that went less than fifty bushels to the acre.

Attention is directed to the through tourist car which is to be attached to the C.P.R. train leaving Wetaskiwin on the nights of December 2, 8, 9 and 10, going direct via Saskatoon and Winnipeg, to make connection with the boats at St. John.

Mr. A. A. Bray and Mrs. Bray of Mount Vernon, Wash., who have been visiting their old home in New Brunswick, are taking in Alberta on their return trip. Mr. Bray, who has been a pioneer farmer in Washington, has just returned from the north, and he quite concurs with the good opinion so generally expressed of the fine agricultural resources of our great north country. While in Wetaskiwin Mr. and Mrs. Bray are the guest of Mr. and Mrs. R. T. Hawkins.

Mr. Edward Kent, musical monologist from London, England, has been in the city during the past week. Mr. Kent has only been in Canada for about two months. Since coming to Alberta, he has been the guest of an old friend, Mr. A. E. Millin, of Wetaskiwin. Mr. Kent is the son of the late Charles Kent, who was a close friend of Charles Dickens. The last letter which the novelist wrote before his death, was written to Mr. Charles Kent, and is included in Foster's life of Dickens. The original letter is preserved, with other Dickens' mementos, in the British museum. Mr. Edward Kent himself, is well known in concert circles in Britain. He is the composer of over eighty published humorous songs and sketches, of the kind that made George Grossmith and Albert Chevalier so famous. He hopes to remain as a resident of this province.—Journal.

TOWN TOPICS

Frank Montgomery left a few days ago for Prince Edward Island and other places in the east on business.

The W.M.S. of the Methodist church will hold a bazaar on Saturday, November 24th. Particulars later.

The weather took a cold turn over the week end, when the mercury went down to about zero.

Among those who heard the Dame Clara Butt recital in Edmonton this week were Mrs. E. T. Williamson and Mrs. V. C. French.

The next meeting of Peace Hills Chapter, I.O.D.E., will take place at the home of Mrs. R. D. Robertson, on Tuesday evening, November 6th at 8 o'clock.

Mrs. Kelley of Edmonton passed through the city a few days ago on her way to the Malmo district, where she is visiting at the home of Mr. and Mrs. L. H. Embertson.

A special meeting of the city council was held on Monday evening to consider the model city charter which it is proposed to have passed at the next session of the legislature. It will also be considered at a meeting of delegates from the cities in the province, held at Edmonton on Friday of this week. Mayor Montgomery will be the delegate from Wetaskiwin.

BUSINESS LOCALS

***At the Angus, Friday and Saturday, Harry Carey in his latest snappy western, "THE RICK BACK", and a two reel comedy.

***Monday and Tuesday, Hoot Gibson in "Double Dealing" a two reel comedy and "Seeing Canada" scenic.

***Wednesday and Thursday, "THE

PRISONER OF ZENDA" in 10 reels, the best picture produced in 1922, made and directed by the same company that produced "The Four Horsemen." This picture played Calgary and Edmonton last winter at 75c. Our prices will be 10c, 25c, 40c, tax extra. Owing to length of show it will start at 8.15 with comedy first, then slides, then the big picture, once through.
